CLIENT
Medical Colleges

INDUSTRY
Healthcare

LOCATION
Maharashtra

PROJECT TYPE
Healthcare Infrastructure

SCOPE
Supply, Installation, Commissioning & Training

END USERS
Doctors, Nurses, Patients, Medical Students

Strengthening healthcare infrastructure directly improves emergency response, patient safety, and healthcare accessibility. This project builds a stronger healthcare ecosystem for the future.

THE CHALLENGE

- Outdated and inadequate medical equipment
- Limited capacity to handle growing patient load
- Need for modern, reliable infrastructure
- Timely execution with minimal disruption to hospital operations
- Need for skilled manpower training and support

OUR SOLUTION

- End-to-end turnkey solution for 10 hospitals
- Procurement of advanced, high-performance equipment
- Professional installation and integration
- Testing, commissioning & quality assurance
- Comprehensive training for hospital staff
- Ongoing post-implementation support

KEY MEDICAL EQUIPMENT DEPLOYED

MRI System

CT Scan

Digital X-Ray
